The book by Prof. Groysman "Corrosion for Everybody" represents an introduction text into the corrosion science for a general academic reader. It provides an interdisciplinary overview, where the boundaries between science, engineering, economic considerations, and humanitarian aspects of corrosion have been bridged.

Amazon.com: Corrosion for Everybody (9789048134762 ...

First of all, we have to define the term "corrosion" in an interesting way. When you observe the rust spots on a car, the question is why was the rust formed? It was formed because of the reaction between iron and the environment. This may be the atmosphere, water, soil, chemicals, etc. We call rust a "corrosion product" formed on iron surfaces.
